RE: Concealed Carry Reciprocity between the States of Idaho and Colorado

Dear Ms. Altig:

I am in receipt of your second letter dated August 20, 2014 regarding concealed carry reciprocity between the States of Idaho and Colorado. My records indicate that the state of Idaho has previously established concealed carry reciprocity with the state of Colorado by honoring our Concealed Handgun Permit. As long as the state of Idaho continues to honor our Colorado permit (CHP), our state will continue to recognize the validity of an Idaho Concealed Weapons License (CWL).

Pursuant to Colorado State Law, 18-12-213 states that "a permit to carry a concealed handgun or a concealed weapon that is issued by a state that recognizes the validity of permits issued pursuant to this part 2 shall be valid in this state in all respects as a permit issued pursuant to this part 2 if the permit is issued to a person who is:

- (a) Twenty-one years of age or older; and
- (b) (i) A resident of the state that issued the permit, as demonstrated by the address stated on a valid picture identification that is issued by the state that issued the permit and is carried by the permit holder;

Therefore our recognition of an Idaho permit will continue for both a "regular" and "enhanced" CWL as long as the permit holder is over the age of 21, a resident of Idaho as proven by a state issued driver's license or identification card and in possession of a valid Idaho CWL.

The Colorado Bureau of Investigation has taken responsibility for collecting and disseminating this information to Colorado Law Enforcement Agencies and to interested citizens. I will be your contact on these matters. My direct line is (303) 813-5702 or you may respond to me via email at James.Spoden@state.co.us.

Sincerely,
